- This document has been prepared as a resource designed to assist lawyers, whether defence or prosecution, involved in negotiations under the Early Appropriate Guilty Plea legislation.
- This document is a guide only and should be treated as a starting point for your consideration of appropriate offences. You should always undertake your own research into the particular offences and provisions which may be relevant to any case you are working on.
- Further and importantly, this document refers to the current versions of offences, maximum penalties and standard non-parole periods. You should always refer to the version of the legislation applicable at the time of any alleged offence.
- Please ensure you are working from the latest version of this document available from the Public Defenders' website. The date of the most recent update is on the title page.
- Please bear in mind that this document does not include any Commonwealth offences. Commonwealth offences might be alternatives to, for example, child pornography, grooming and procuring, money laundering, terrorism and drug offences.
- Whilst every effort has been made to ensure the correctness of information in this Table, please be reminded of the Disclaimer pertaining to all information on the website of Public Defenders, Department of Justice NSW at: <https://www.justice.nsw.gov.au/Pages/copyright-disclaimer.aspx>

## Notes

Practitioners might bear in mind the following:

- The Table contains in general only the most common charge option provisions, therefore practitioners are advised to always check the relevant legislation for further relevant provisions.
- **Offences which are statutory alternatives:**  
The most common statutory alternatives are in red.
- **Offences which are not direct alternatives:**  
There may be a need to consider other charges where there may not be direct alternatives to an offence. There may be a need to consider a combination of offences. For example, Robbery: a charge combination that may be an alternative is larceny AND assault (where there may be no nexus between the theft and the assault).
- **Alternative bases for criminal liability:**  
There may be a need to consider the various bases of criminal responsibility, that is, principal, principal in the second degree, joint criminal enterprise, extended joint criminal enterprise, accessory before and after the fact, aid and abet.
- **Penalties for Attempts:** [s 344A](#) Penalty as for offence.
- **Penalties for Abettors and Accessories:**
  - [s 345](#) **Principals in the second degree in any serious indictable offence** Same punishment had the person been the principal in the first degree.
  - [s 346](#) **Accessories before the fact in any serious indictable offence** Same punishment had the person been the principal offender.
  - [s 349](#) **Accessories after the fact to murder; robbery with arms or in company; kidnapping s 86**

    - [s 351A](#) **Recruiting persons to engage in criminal activity**  
Recruit person to engage in criminal activity – 7 years  
Recruit child to engage in criminal activity - 10 years
